- Brand new multipurpose oval.

Our School Values

We shine when we are:

- Learning
- Respectful
- Safe

Message From the Principal

Welcome to Sunshine Primary School. Our school is a vibrant, fun place to learn and achieve. We hope that the enrolment of your child marks the beginning of a long and enjoyable association with our school for your family. We are extremely proud of our school and we believe that our students must always come first. The underpinning focus of Sunshine Primary School is to provide the very best teaching and learning practices that will increase student achievement, engagement and will develop responsible, respectful and happy community members. The school prides itself on its community approach to education and welcomes the involvement of parents in the education of your child. As parents, your involvement in school life, your participation in the education programs and your interest in the activities of your child will add considerably to the enjoyment of your child’s primary school years.

Our dedicated and enthusiastic teachers are passionate about high quality teaching and learning and work tirelessly to give every child the best opportunity to not only enjoy their learning but to be successful at it. Students at Sunshine Primary School are encouraged to be responsible decision makers and play an integral part in consultation as the heart of our school.

Sunshine Primary School is a happy school that encourages play, laughter and learning. Our students enjoy secure and pleasant surroundings that are resourced for learning, sport and play.

I look forward to meeting and working with you in the future. If you wish to tour our school or discuss any aspect of the school or your child’s wellbeing, please contact us to arrange a time.

Kind Regards,

Lyn Read
Principal

Sunshine Primary School

Wellbeing

Sunshine Primary School has a strong focus on wellbeing for all students to ensure that they are happy, healthy and safe and able to focus on their learning. Sunshine Primary School has adopted the School Wide Positive Behaviour Framework (SWPBF), an initiative from the Western Metropolitan Region. The School Wide Positive Behaviour Framework helps schools to create a positive learning environment by developing proactive whole school systems to define, teach, and support appropriate student behaviour over their school journey. Data shows that the program helps reduce problem behaviours and increases academic performance. Through the program, schools implement evidence-based approaches to managing student behaviour.

The staff, students and community have been heavily involved in developing the Student Engagement and Wellbeing Policy for SPS. The Policy promotes student engagement attendance and positive behaviours of SPS. The policy contains information on areas such as the school profile, a whole school prevention statement which includes links to the school strategic plan; rights and responsibilities of students, staff and community members; shared expectations of classrooms and the yard, which includes school actions and consequences for unacceptable behaviour including bullying.

Student leadership is an extremely important part of Sunshine Primary School and we have a fantastic group of students who take on responsibility of being School Captains, House Captains, Junior School Councillors and Prep buddies. A group of dedicated Year 3/4 student’s work with the Prep transition team to assist in the transition days so all Prep students will have a friendly familiar face on their first day of school. This has been a program that past Prep families have found very beneficial in settling students into school.

If you have any further questions on Student Engagement and Wellbeing please feel free to contact me.

Kylie Champion
Assistant Principal
